SOLUTIONS

PBK Sports' unique project delivery system prioritizes a collaborative synergy between owners, maintenance personnel, athletes, engineers and architects in order to enhance community multi-purpose use, maintainability, environmental engagement, spectator experience and athletic performance. We successfully accomplish this through our extensive, hands-on experience, as well as our comprehensive understanding of form, function and constructability challenges associated with these specialized venues:

- Multipurpose Use
- Vehicle & Pedestrian Circulation (Ingress / Egress)
- Noise & Light Pollution
- Point-of-View / Sight lines
- Advanced Technology Applications
- Performance-Specific Flooring Surfaces
- Venue-Specific Ventilation
- Equipment Storage
- Parking Requirements
- Support Spaces
- Long-Range Planning Considerations
